

Community Notice

**Queensland fruit fly (Qfly)
is not normally found in WA...**

**... but Qfly has recently been
detected in your area**

Anyone living in Fremantle, East Fremantle, North Fremantle or White Gum Valley may be in a Quarantine Area.

Home-grown **FRUIT** and **VEGETABLES** must not be moved to suburbs outside the Quarantine Area unless it has been cooked or processed.

Visit agric.wa.gov.au/qfly2018 for a map of the Quarantine Area.

Send us a photo if you think you have found Qfly by:

- Downloading the **MyPestGuide™ Reporter** app onto your mobile phone
- Going to mypestguide.agric.wa.gov.au on your browser
- Emailing padis@dpird.wa.gov.au

or call us on 9368 3080
